

SCROLLSAWVIDEO.COM TAYCO DESIGNS

Pattern # 8600 G-Frame

Materials needed:

Wood of choice

1/2 To 3/4 Thick

(if using overlay method,
1/16 thick contrasting wood)

1/16 Drill Bit

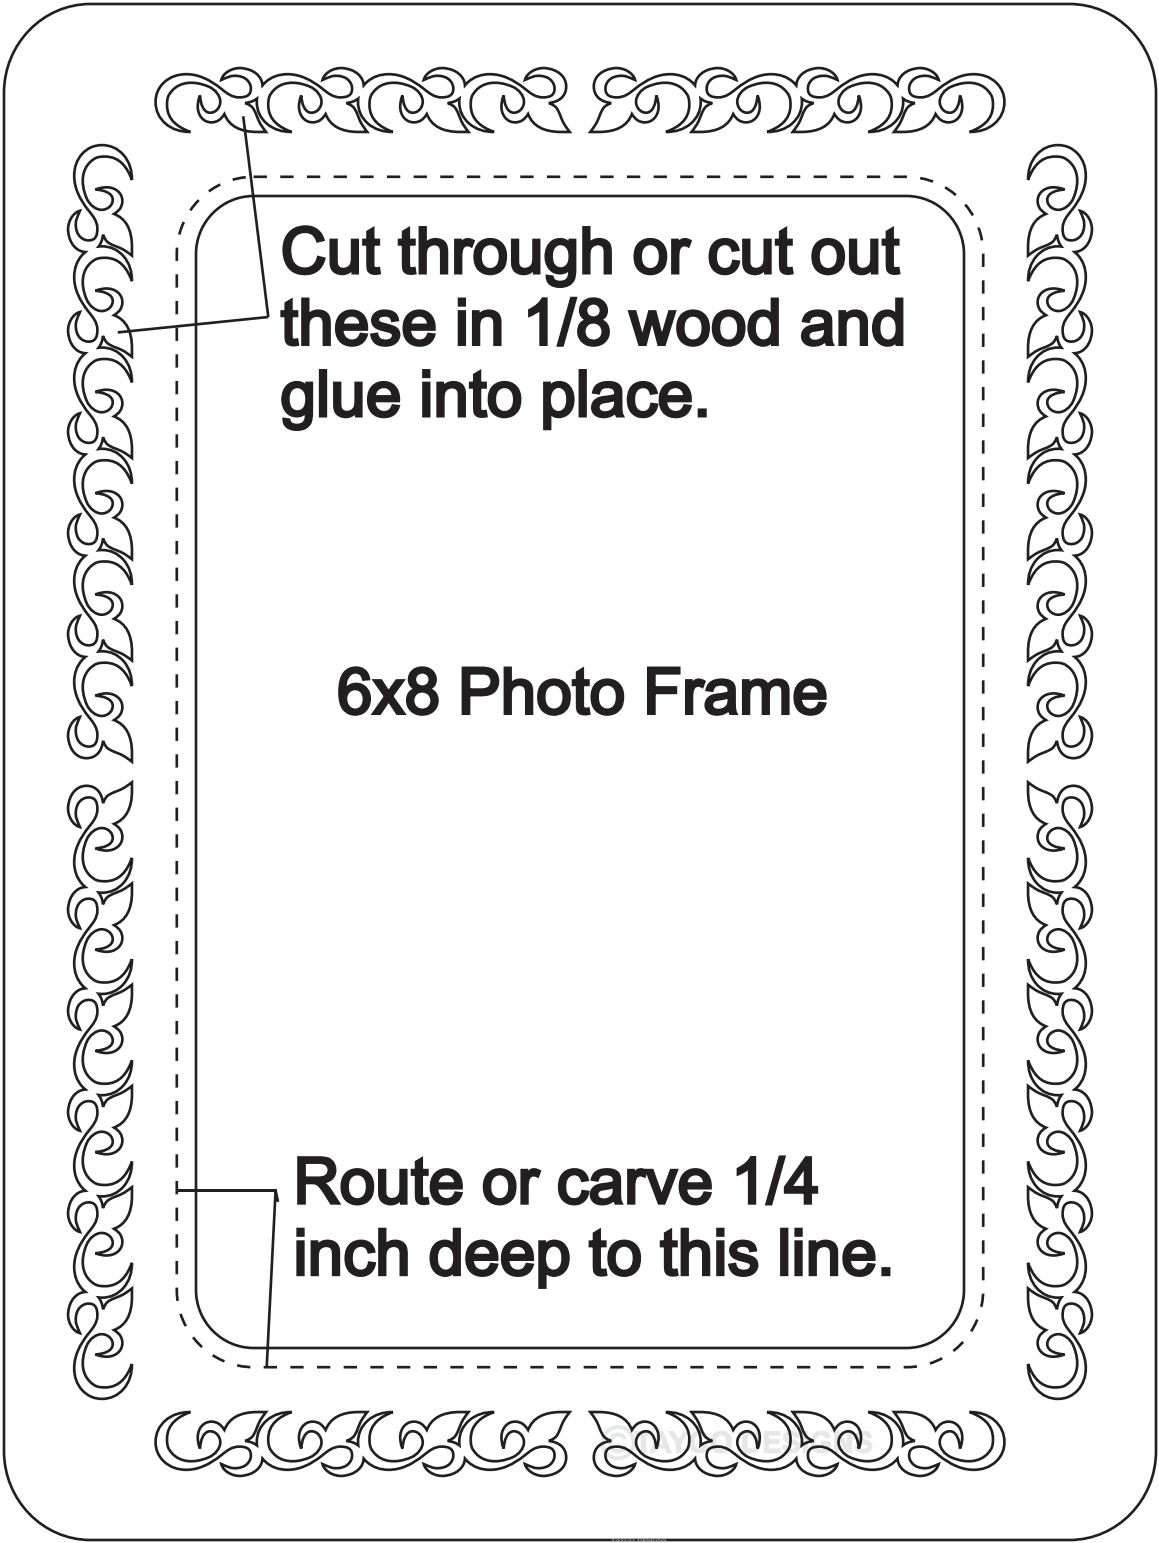

5 Scrollsaw Blade

Finish Of Choice

Rabbeting router bit (optional)

Picture Frame Accessories Of Choice

Example above uses 5/8 thick wood,
1/16 wood for overlay,
rabbet for picture, picture backing,
thin glass or plastic.
NOTE.....blister pack
packaging material works well for framing.

Cut through or cut out these in 1/8 wood and glue into place.

6x8 Photo Frame

Route or carve 1/4 inch deep to this line.
